# Allan Yorke Park Operational Plan

**Unified Command:**  
**Mark Berry – Police Chief**  
**Jason Sullivan –Interim Public Services Director**

**Operational Period: 5/1/2024-10/1/2024**

<b>Incident Name:</b> AYP Security Plan	<b>Incident Number:</b> N/A	<b>Date/Time Initiated:</b> Date: 05/01/2024 Time: 0800
--	--------------------------------	--

**Background:**

Allan Yorke Park is a popular public park located in Bonney Lake. It is the only free public access located on the shores of Lake Tapps. The park offers a variety of recreational amenities and outdoor activities for visitors. Some features of Allan Yorke Park include:

- **Beach and Boat Launch:** The park is situated along the shores of Lake Tapps, providing opportunities for water-based activities such as swimming, fishing, and boating.
- **Playgrounds:** There are playgrounds within the park, making it a family-friendly destination with facilities for children.
- **Picnic Areas:** Allan Yorke Park has designated picnic areas with tables and shelters, making it a great spot for picnics and gatherings.
- **Sports Facilities:** The park includes sports facilities such as soccer fields and basketball courts, catering to those interested in outdoor sports.
- **Walking Trails:** Visitors can enjoy walking or jogging along the trails within the park, taking in the natural surroundings.
- **Events and Festivals:** Allan Yorke Park often hosts community events and festivals throughout the year, providing a space for local gatherings and celebrations.

These recreational amenities and activities draw people from around the south Puget Sound region. As the number of visitors to the park have increased, overcrowding in some of the more popular areas of the park to include the boat launch/trailer parking and the beach area have resulted in security issues. The security issues have caused City residents to avoid the park. These security issues related to overcrowding and the lack of a coordinated security plan were highlighted during the summer of 2023 when the Bonney Lake Police Department responded to numerous fights to include a “shots” fired call.

**Planned Objectives:**

Safety and Security

- Increase the visibility of law enforcement and security throughout Allan Yorke Park.
- Enforce state RCW’s and Bonney Lake Municipal Codes regarding criminal activity, traffic, and parking violations, throughout the park and neighboring communities.

Crowd Control

- Implement crowd management strategies.

Entertainment and Activities

- Support community events and activities planned for Allan Yorke Park.

Communication and Information

- Utilize social media and websites to provide updates and information to the visitors of Allan Yorke Park.
- Utilize temporary signage in the vicinity and within Allan Yorke Park to provide information and direction to visitors.

Infrastructure Maintenance

- Regularly inspect and maintain facilities including playgrounds, pathways, and beach area.
- Ensure clean and functional restroom facilities.

## **Planned Actions, Strategies, and Tactics:**

### Safety and Security:

- Ideally three off-duty police officers will be assigned to patrol Allan Yorke Park on Fridays, Saturdays and Sundays. Off-duty police officer shifts may be added or canceled based on weather. One BLPD sergeant will be tasked with overseeing the administration of this program. Off-duty officers will be from BLPD and other regional law enforcement partners. This is in addition to the marine patrol operations.
- One officer will be focused on traffic and parking violations. Two officers will be focused on security and criminal deterrence throughout the park.
- Pierce County Security will be contracted for 2 security guards. One will be assigned to the boat launch parking, and one will be assigned to the gate at the entrance to the beach.
- Greenery will be thinned near the restrooms and near ballfield 1 to improve visibility and security.
- Parking lot lighting and the outer perimeter of the ballfields lighting will stay illuminated 24 hours per day, 7 days per week.
- The boat launch will be secured with chain and lock to provide secure access to boat launch patrons. The lock code will be provided with the issuance of an annual boat launch pass. The code is different than the one used last year.
- Boat launch parking will be located at ballfield 4. Annual boat launch passes will be required to enter the boat trailer parking lot.
- Focused enforcement of paid parking in the park and permit parking in neighborhood communities. The map illustrating restricted and prohibited parking areas along local streets is include as Attachment 1.
- 4 parking spots will be identified as “Emergency Vehicle Parking” to increase the visibility of security in the park, and to ensure first responders have access to parking as needed.
- Contract with Cascade Towing will be continued to provide tow assistance for any vehicles parked illegally.

### Crowd Control:

- Beach access will be limited to 250 guests at any given time. This will be controlled via security at the entrance.
- As with previous years, boat launch access will be limited to City residents with an annual launch pass.

### Entertainment and Activities:

- Boat launch will be closed on Wednesdays, Bonney Lake Days, and the Labor of Love Triathlon to provide parking to support these events.
- Park will be cleaned and maintained to ensure a positive experience for visitors at events.

### Communication and Information:

- Allan Yorke Park updates will be placed on the website and shared on social media, to include any operational updates such as parking changes, boat launch procedures, beach capacity, etc.
- Permit parking updates will be communicated to the effected neighborhoods directly via letter, as well as on the website and social media.
- Temporary signage will be placed to provide information related to the new paid parking requirements as well as when the beach has reached the guest capacity.

### Infrastructure Maintenance:

- Park crew will be onsite daily by 6:30am to ensure all facilities are clean, stocked, safe, and operational.
- Additional port-o-potties will be placed at ballfield 2 and at the beach to ensure adequate restroom access for all visitors. Each pod of restrooms includes 3 standard units and one ADA unit to ensure accessibility.

A map illustrating the location of these security features is included as Attachment 2.
